PC7. Now we want you to remember what (NAME) was like two years ago and to compare it with what (He/She) is like now. two years ago was in (MONTH/YEAR). I will read situations where (NAME) has to use (His/Her) memory or intelligence and we would like you to indicate whether this has improved, stayed the same, or gotten worse in that situation over the past two years. Note the importance of comparing (His/Her) present performance with two years ago. So if two years ago (NAME) always forgot where (He/She) had left things, and (He/She) still does, then this would be considered "not much change". (1071)

PC8. Compared with two years ago, how is (NAME) at: Remembering things about family and friends, such as occupations, birthdays, and addresses. Has this improved, not much changed, or gotten worse? (1072)
